FROM Mr Paul Jeffreys, Principal...

Last week at our assembly a baseball was shown to the children. It carried the autograph of an American Major League Baseball player; a common item available to many baseball fans at a nominal cost.

What was a little special about this particular ball was the person who signed it. The man’s name was Jim Abbott and he was a pitcher for the New York Yankees among others. Jim Abbott was able to rise to the top of his sport, a dream millions of children across America never achieve. More special was the fact that Jim Abbott had only one hand. He was born with a stump at the end of his right hand.

It’s difficult, but take the time to imagine the process Jim Abbott would go through when operating as a pitcher at the highest level of America’s most popular sport. Holding a baseball glove somehow on his right arm, Abbott would pitch the ball and quickly slide his left hand into the glove, ready to field or catch a returning ball. If he did field or catch it, he then somehow had to get his left hand out of the glove which held the ball and get the ball into his left hand to throw it to a base. It is a task just trying to imagine the mechanics going on for just one single play of many which would occur in Jim Abbott’s career.

Here is a person who grew up with a disability seemingly making it impossible to reach a standard in the sport of baseball which nearly all young American boys aspire and yet are not good enough to reach.

This story was told to our children because I have heard on a number of occasions over recent weeks from different children in different classrooms: ’This is too hard.’

My message: Jim Abbott had it hard but he prevailed. If it’s easy, then you are not learning anything new. All good is hard.

SCHOOL DISCO

We are grateful to Mrs Anne Gilbert and Mrs Heather Macguan for the time and effort in making the school disco possible. While Friday afternoons are looked to forward to by most people in the workforce, Anne and Heather soldiered on and presented a night that was enjoyed by many children from Kinder age through to Year 6.

WELCOME BACK TO MRS RAYMOND

Many people in our community I am sure were pleased to see the familiar face of Gaylene Raymond in the office this past week. Gaylene has been away for the first 5 weeks of term taking long service leave. Gaylene was able to travel to Queensland with husband, Frank, where they visited family. What a good time of the year to be in Queensland! Welcome back Gaylene. I look forward to working with you and getting to know you in the weeks and months ahead (and maybe years?).

THANK YOU

Thank you to parents Stephen Field and John Mirtschin. During a windy and wet weekend Steve pulled out the chainsaw and cleaned up some significant branches that had fallen across the front fence of the school. And John worked long and hard into the dark on a cold damp night straining the wire on the front fencing also. Much appreciated.

BUS TRAVELLERS

I ask parents of our bus travellers to continue to support our children by talking about appropriate and safe behaviours while travelling on the school buses. Continued communication about staying seated, not being overly loud and being respectful of others for the entire journey is an expectation.

BOOK WEEK PARADE

Thank you to parents for supporting children in their endeavours to dress up as a book character last week. It was a truly colourful and enjoyable parade. It was wonderful to welcome our 2014 Prep cohort to the parade. The Kindergarten children came wearing a variety of hats. Each Kinder child bravely announced their name to the school and each of them was warmly applauded by the entire audience.

At that very moment, I felt so proud of our school community.

GRADE PREP AND 1 CONCERT

A note has been sent home with costume requirements for the plays for each grade. If parents have any queries please let me know. It would be really appreciated if parents could help their children memorise their lines for the plays as I only have 45 minutes with a class each week. Mrs Gilbert and Mrs Higgins are helping with extra practices but their class time is also limited.

All Prep/One students will need to bring their costumes/clothes in a named bag on the morning of the 19 September for a dress rehearsal. The students will take their costumes home that afternoon to wear back to school dressed and ready to go onto the stage at night. The concert will start at 7.00pm and will only be about an hour’s duration. The Grade 2-6’s will watch the concert on the Thursday morning at a dress rehearsal so do not necessarily need to come to the evening performance. We ask that all preschoolers and siblings not involved in the concert sit with their parents, as the performers will be sitting on the floor at the front during items and they do not need to be distracted by younger children.

The Kindergarten students are not performing at this concert but will take part in a Special Assembly later in the year. We look forward to seeing all Prep/Year 1 families on Thursday 19 September at 7.00pm.

GRADE 2 – 6 CONCERT

The Grade 2 – 6 students will perform their concert on Thursday 17 October at the school hall at 7.00pm. Costume lists will be printed in the next newsletter. Could parents please help their children learn their lines for the plays they are performing, especially some of the Grade 4/5/6 student who have characters with quite involved parts.

Many thanks, Heather Macgugan (5577 2277)

BACK TO VAUDEVILLE

The Dunkeld and Penshurst students and staff were entertained and enthralled during the ‘Back to Vaudeville’ performance by Magician Al. He was the son of a magician and lost his dad at the age of seven. At the age of 28 he decided that magic was in his genes and that he would follow his late father’s passion and enrolled at performing arts school. His many tricks involved a guinea pig and three doves, one of which waved a wing at the audience when given a cue. There was a missing card trick, a magic rubik’s cube that was instantly solved when placed in a box (even faster than our own champ, Ben Cullinane).

He involved some students as helpers in a few of his tricks, including the foam balls that kept multiplying and dividing in their hands. Juggling balls and skittles showed another aspect of Al’s skills. Al’s dexterity in carefully creating various dogs, animals and even a motor bike from long thin balloons had us all intrigued. He was also a wonderful ventriloquist and introduced us to a number of his suitcase characters. He shared a few secrets of his performance with the audience during question time, but no magic acts were explained! We all enjoyed a trip back in time to the days of side shows and fun parlours and were left wondering as to how he did it!

SCHOOL HATS are to be worn from Monday 2 September as per the School’s Sun Smart UV Policy.
PARKLANDS PRIMARY SCHOOL GOLF TOURNAMENT

On Thursday 15 August thirteen students from our school were selected to play in the Primary School Golf Tournament at Parklands Golf Club in Hamilton. We played nine shortened holes and were given golf clubs to use. Our school split into groups based on which grade you were in. We had sausages for lunch and we all had a good day. Five people from this tournament were selected to play at the regional finals in Warrnambool on Monday 18 November and I was lucky enough to be one of them. Some people won golf balls and tees in a raffle. By Ben Cullinane

From the Kitchen Garden...

Only three weeks left to purchase your raffle tickets in this rustic country painting by Maryann Jenkins! The SAKG Committee is holding a raffle to help raise funds for purchasing kitchen equipment. The painting is on display at ‘The Old Bakery’ thanks again to the kindness of Pauline and Paul. The Old Bakery Dunkeld donates a percentage of all bread sales to the SAKG Program and we are very appreciative of this ongoing support. Raffle tickets may be purchased at the Old Bakery or at the front office of the school for $1.00. The raffle will be drawn at the end of Term 3. Thank you in advance for your support.

The theme this term is “Beyond Our Backyard”. In the Kitchen we will be concentrating on one ingredient and how it is used in different cuisines around the world ... beyond our backyard … and how we use it in our Kitchen classes.

One ingredient - CHICKEN. Interesting fact – all breeds of chickens are descended from the wild, jungle fowl of India that was tamed around 2000 BC.

In Kitchen class Grade 3 and 4 students named 43 dishes for Chicken. This versatile meat is used in a variety of ways in our homes and across many cultures around the world. We talked about the many different parts of the chicken and one group found chicken stock recipes and compared them to my recipe. We combined the two and using the frame from the roast chicken and many things from the garden, we made a lovely stock that has been frozen and labelled for future use.

In America Chicken is used in Chicken Pot Pies.
In France chicken is used in 40 Garlic Clove Chicken.
In China chicken is used in Deep Fried Shaoxing Chicken.
In India Chicken is used in Chicken Biryani.
In Vietnam Chicken is used in Chicken Salad with Jelly Fish.
In Morocco Chicken is used in Chicken Tagine.
In Puerto Rico Chicken is used in Yucatan-style Chicken Fricassee.

At our share time at the table we shared Chicken in Chicken and Leek Pie, Chicken, Corn and Noodle Soup, Roasted Chicken, Mayonnaise and Parsley Mini Toasts and Chicken Stock.

Chicken and Corn Soup was a very popular dish and I include the recipe below for you:

**Ingredients:**
- 2 skinless chicken breast fillets
- 6 green onions, thinly sliced
- 2 garlic cloves, crushed
- Small pinch dried chilli flakes
- Olive oil
- 3 corn cobs, kernels removed
- 4 cups chicken stock
- 420g can creamed corn
- 2 tsp reduced salt soy sauce
- Extra sliced green onions, to serve
- 250g instant noodles

**Method:**
1. Place chicken in a deep pan. Cover with cold water. Bring to the boil over medium heat. Reduce the heat to low, then cover with a lid and simmer for 8 minutes. Remove the pan from heat and set aside for 15 minutes. Drain the chicken then shred into pieces.
2. Heat a saucepan over medium heat with 1 tablespoon of olive oil. Add the onions, garlic and chilli, stirring often for 5 minutes or until soft. Add the corn kernels and cook for 1 minute.
3. Pour in the stock and bring to the boil. Add the creamed corn, chicken and soy sauce; cook 4-5 minutes until chicken is warmed through. Add cooked Noodles. Serve topped with extra green onions of desired. Serves 4.

Our next ingredient is the herb – PARSLEY. The most common varieties we use are Flat leaf (Italian or continental) and Curly.

Our menu for Preparing and sharing - Parsley and Ricotta Pancakes with Parsley and Almond Spread; Risoni Pea and Parsley; Egg, Parsley and Parmesan Salad.

I look forward to hearing the many ideas the children have about how to use Parsley.

Stephanie Alexander…”Parsley is the all time favourite in the herb garden and the one most used by many cooks. Imagine garlic butter or egg and bacon pie or chicken and mayonnaise without the fresh flavour of parsley. Newly picked parsley has the scent of a garden just after rain and can be tossed in the salad bowl.” - From A Cooks Companion.

I have included the recipe of Parsley and Ricotta Pancakes for you to try at home.

**Ingredients:**
- 225g (1½ cups) plain flour
- 2 tsp baking powder
- 2 eggs, separated
- 435ml (1¾ cups) milk
- 100g fresh low-fat ricotta
- 1 tablespoon of finely chopped fresh continental parsley
- Salt and freshly ground black pepper
- Olive oil and brush or paper towel

Roasted tomatoes with avocado and basil to serve if using.

**Method:**
1. Sift the flour and baking powder into a large bowl twice. Add the broken egg yolks, milk, ricotta and parsley in a bowl or jug and stir to combine. Make a well in the centre.
2. Place the egg yolks, milk, ricotta and parsley in a bowl or jug and stir to combine. Add salt and pepper.
3. Gradually add the milk mixture to the flour mixture, stirring with a metal balloon whisk until a smooth batter forms.

15 August 2013

250g instant noodles

2 cups

4 cups

435ml (1¾ cups)

100g fresh low-fat ricotta

1 tablespoon of finely chopped fresh continental parsley

Salt and freshly ground black pepper

Olive oil and brush or paper towel

Roasted tomatoes with avocado and basil to serve if using.
4. Use an electric beater to whisk the egg whites in a clean, dry bowl until soft peaks form. Use a metal spoon to gently fold the egg white into the flour mixture until just combined.
5. Heat a non-stick frying pan over medium heat. Brush with olive oil to lightly grease the pan
Pour three 80ml (1/3 cup) quantities of batter around the edge of the pan, allowing room for spreading, and cook for 2 minutes or until bubbles appear on the surface and pancakes are golden underneath. Turn and cook for a further 1 minute or until golden. Transfer to a plate and cover with foil to keep warm. Repeat in 3 more batches, with the remaining batter, greasing the pan with olive oil and reheating the pan between batches. Makes 12. Serve immediately.

Next Thursday I look forward to welcoming the Prep and Grade 1 students. We will harvest, prepare and share together. This will be a great introduction to the world of the Dunkeld Kitchen and a special treat while the other students are on camp.
Happy preparing and sharing together.

**FATHERS’ DAY STALL ON FRIDAY 30 AUGUST**
On Friday 30 August the Social Services Fathers’ Day Stall will take place at 10.00am.

Here are some suggestions for gift donations for the stall: small tools, nails, chocolates, lollies, plants, wallets, books, toiletries, socks, handkerchiefs, mugs, golf balls and tees. Things that your child might like to give to their father. Could you please wrap your gifts in clear cellophane, this makes it easier to see what the children are purchasing.

Please remember that we count the total gifts donated and divide by the number of children. This is to see how many gifts each child may purchase on the day. The more gifts that are donated, the more gifts that can be purchased by each child. All money raised is donated to charities chosen by the senior students.

We will sell the gifts in price range from 50 cents to $3.00. A raffle is also held, at the cost of 50 cents per ticket, with the larger donated gifts making up the prize list. If you are unsure of how much money to send with your child, $5.00 will generally buy two gifts and raffle tickets.

Could all students please bring a bag to place their purchases in on the day of the stall.

For this to run smoothly we need some help from parents! We’ll need about 4 – 6 parents to help on Friday morning at 9.00am to collect the donations as children arrive, price them, lay out and serve at the stall to make it all run smoothly. Please consider helping, it is really a rewarding experience, and good fun! We really appreciate the time, donations and effort that you provide.

Please contact Kellie White on 0437 827 903 or email: white5@hotmail.com.au

CHILDREN WITH TYPE 1 DIABETES – ARE YOU CHALLENGED BY YOUR CHILD’S DIABETES?

Research into parenting children with type 1 diabetes

The University of Queensland is conducting research into parenting children with type 1 diabetes. Parenting a child with diabetes presents many challenges (everything from the regular blood glucose monitoring and insulin intake, to more general parenting tasks). The aim of this study is to understand the factors that make the management of childhood diabetes particularly difficult, and to use this information to develop strategies that might assist parents in managing their child’s diabetes.

If you are a parent of a 2 to 10-year-old child with type 1 diabetes, we would love to hear from you!

By sharing your experiences (confidentially), you will be making a valuable contribution to the development of much-needed childhood diabetes management strategies for parents.

To complete the online survey, please log on to: https://exp.psy.uq.edu.au/type1diabetes

For further information about the project or to request a survey to be posted to you, please email Aditi Lohan (aditi.lohan@uqconnect.edu.au) or call (07 3365 7689) at the Parenting and Family Support Centre in the School of Psychology at the University of Queensland, St Lucia QLD 4072 (Fax: 07 3365 6724).

Thank you for your time and participation.

Generous Donation from the Community Enterprise Foundation
When Dunkeld & District Community Bank® Branch was in its very early days of development, a feasibility study indicated that a priority for the community was a Community Centre project. Working with the Bendigo and Adelaide Bank’s Community Enterprise Foundation to raise funds has been significant, in particular to be able to offer tax deductibility for donors.

A partnership with Conservation Volunteers Australia and the formation of a ‘Friends of Dunkeld’ group is a further benefit from the Dunkeld community’s relationship with the Foundation. On 13 August 2013 the ‘Friends of Dunkeld’ group was launched and a cheque for $6,500 from the foundation was presented to assist the group in getting up and running.

Start Up Funds for Understanding Women
Dunkeld & District Community Bank® Branch was happy to invest $350 in the reinstatement of the local Country Woman’s Association branch operating. Our local CWA has kicked off with a strong group of women from across the region who meet once a month for social engagement, skills building & community projects.

FAMILY DAY CARE RETURNS TO DUNKELD
Southern Grampians Shire Council is pleased to announce that after many years of absence, a Family Day Care Service has returned to Dunkeld.

Janelle Hassett and her family have recently returned to Dunkeld from Western Australia and being an experienced early childhood educator, holding her Diploma of Children’s Services, Janelle decided to set up a Family Day Care Service from her home.

Most of Janelle’s experience in children’s services has been in centre based care, including time in Warrnambool.

“I chose to set up a Family Day Care Service as it is a great way to re-enter the workforce and at the same time be there for our own three children before and after school,” said Janelle.

Janelle’s service philosophy is based on providing a warm, caring and fun environment, where children are able to run, explore and enjoy being themselves.

Janelle continued, “I want to provide opportunities for the children to be creative, to form an understanding of themselves and their environment.”

There is a great demand for child care in Dunkeld and it has not taken long for Janelle to become fully utilised; though casual care may occasionally be available.

Southern Grampians Shire Council Children’s Services Coordinator, Lyn Hodkinson said, “Initial flyers displayed around Dunkeld initiated expressions of interest from working families seeking immediate child care. Due to the overwhelming response we have not been able to place all children but it has been so exciting to once again have a Family Day Care Service operating in Dunkeld.”

Janelle is operating her service four days per week, Monday, Tuesday, Wednesday and Friday from 8.00am to 6.00pm.

“I am glad to be given the opportunity to be able to work with such a great group of children and their families. Working with children is sometimes challenging but it is also so rewarding,” Janelle concluded.

Janelle is planning to network with the Glenthompson Family Day Care In-Venue Service, which will provide
valuable professional support and an opportunity for the children in her care to socialise with those attending the in-venue service.

Lyn Hodkinson continued, “With Janelle in Dunkeld and the in-venue service at Glennthompson, Council does have a greater capacity to offer child care and education places within the local area. While Janelle currently has no booked places available, the in-venue service in Glennthompson does have availability on Tuesday, Thursday and Friday.

“Family Day Care is a wonderful child care and education service for smaller towns. Not only does it provide a quality early childhood service but it provides a local person with a career opportunity.”

Families or potential educators, who are interested in finding out more about Family Day Care, can contact Council’s Children’s Services Coordinator, Lyn Hodkinson on 5551 8484 or via email lhodkinson@sthgrampians.vic.gov.au

DUNKELD RURAL FIRE BRIGADE

The Communications Training Night held on 21 August was very successful, with 24 members in attendance, including some from other Brigades. Attendees rotated between four activities: use of the new pages, use of the new "bag" radios, map reading and radio procedure. This training session, an example of training by volunteers for volunteers, was well-received, and Captain Mike Gordon was very pleased with the result. Thanks to all who participated.

A “TEWT” session, involving Brigade Captains and Officers of Serra Group, will be held the Dunkeld ESC on Wednesday 4 September. A “TEWT” is a military term meaning Tactical Exercise Without Troops, and essentially is a table-top exercise simulating a large fire and how best to attack it.

The next Brigade training session, on a date to be fixed, will focus on the role of fire brigade personnel in motor vehicle accidents.

Captain Mike Gordon has asked that everyone be reminded to check that their smoke alarms are working. There is nothing nicer than a roaring log fire on a cold winter’s night, but great care is needed to ensure there is no chance of flying sparks or logs falling out when the fire is unattended, and that chimneys are not blocked with soot.

Also, with spring on the horizon (and hopefully a proper spring this year), maybe it is time to start thinking about plans for fire prevention around the house and farm before the grass really starts growing.

Dunkeld Brigade is always on the lookout for new members. If you are interested, please ring Captain Mike Gordon for a chat, on 0456 966 320. Those who have already decided to join, but have not yet tackled the necessary paperwork, please contact Secretary Peter Flinn to arrange a time (5577 2216 or 0409 971 841).

FROM THE LIONS DEN
For the first time ever the International President of Lions is an Australian. Barry Palmer was born at Hornsby on the outskirts of Sydney during WWII. He attended agricultural high school and started work in the wool industry, but when that industry slumped he joined a bank. He later left this to become an estate agent. Barry is married to Anne and they have three children and eight grandchildren. Congratulations Barry, well done.

Locally our lions have again been asked to be involved in the running of the portfolios of Crime Watch and Farm Safe. This follows the success that we had last year with these areas of the interest that Lions have in the welfare of our communities.

Help for Grub
Following the article we put in the newsletter about the sports award given to Grub Templeton recently I had a conversation with one reader who stated that he felt sorry for Grub for barracking for Melbourne, but admired the way that he stuck with them through thick and thin. (More thin than thick lately). He wanted to know if there was some way that we could encourage Grub and the other Melbourne supporters through this hard time. One obvious way was to remind them about the premierships that they had won and the great players that they had had over the years. I wanted one who was more than a great footballer and after a bit of research I have found one.

Harold Ball: Ball was born in Mildura in 1920 and joined Melbourne from Merbein. He was instantly at home in the big league, playing 20 games for the 1939 season and being named Best First Year Player. He was 19. He was best on field during the preliminary final (1940) which helped Melbourne into the Grand Final. Melbourne beat Richmond. Ball played in both the 1939 and 1940 grand finals which Melbourne won.

War broke out and with the fall of Paris Ball enlisted in mid-40 and was posted to the 2/9th Field Ambulance as a driver. Ball, a most popular character became the captain of the 2/9th Field Ambulance football team whilst they were still in Victoria. He went with the unit to Malaya and Melbourne won the 1941 Grand Final- three on the trot. When the Japanese invaded Malaya the Australian Ambulances all displayed a large Red Cross to show that they were non-combatants. The crew also wore Red Cross arm bands as per the Geneva Convention. On the 9th of February 1941 Ball along with a Bill Lewis and Alf Woodman volunteered to go with Dr Park to search for another crew that had not returned after being under fire. They reached the outskirts of the bomb-ripped and cratered aerodrome. There they ran into a Japanese patrol. The four Australian non-combatants were taken prisoner, there hands were then tied behind their backs with wire and they were tortured. They were then made to kneel down and after refusing blindfolds they were all beheaded. On the 9th May 1942 an Australian working party found the bodies of John Park, Harold Ball, Alf Woodman and William Lewis. Their remains had not been buried, so permission was received from the Japanese for a burial to take place. Dr Park was recommended for a posthumous Victoria Cross but this was never awarded.
Grub, not a nice story but that is one Melbourne footballer that the whole nation can look to with pride.

DUNKELD MUSEUM UPDATE
Committee Meeting: Our next monthly Committee Meeting will be held on Monday 16 September commencing at 8:00pm at the Dunkeld Museum.

Guest Speaker Meeting: The guest speaker at Dunkeld Museum's next meeting on Monday 2 September commencing at 8.00pm will be local identity, Mr Peter Flinn, who recently organised a reunion of the Ely family at Harcourt, Victoria, marking the centenary of the death of his grandfather, Henry Ely. Henry, together with his brother William, and friend William Eagle from the same village in Suffolk, England, founded the fruit-growing industry in the Harcourt district in 1859.

In researching for the reunion, Peter discovered that four of his second cousins served in World War I. Of these, Lance-Sergeant Ernest Harcourt Ely, son of his great-uncle George, was killed in action, and a son of his great-aunt Janet, Sapper Harry Vick, survived incarceration as a prisoner of war.

During the investigation, an interesting link was found with another World War 1 soldier, Private Ernest Ballinger of Dunkeld, who died as a prisoner of war, and yet another connection between Sapper Vick and Dunkeld, Scotland. Also, a son of one of Ernest Ely’s younger brothers, Tim, lived for a time in Hamilton, and members of his family still live there.
Peter's talk will be entitled "A Tale of Three Soldiers", in which he will also touch on the legacy of the Ely family in Victoria, and use the examples of the three soldiers to illustrate how Australian families were affected in so many ways by the cataclysm of World War I.

The meeting will be followed by a light supper and everyone is most welcome to attend.

Museum Duty: The following volunteers are on Museum duty from 1.00pm – 5.00pm on:
- Sunday 1 September  Wally & Carol Allen
- Sunday 8 September  Geoff Hincliffe & Erin O’Neil

If you are unable to carry out your duty on your rostered day could you please contact one of the other volunteers to arrange a swap.

Terrie Nicholson, Publicity Officer, Dunkeld Museum

If so, please report these sightings to Hannah Cooke at Conservation Volunteers on 5551 3331 or hcooke@cva.org.au. From the Kitchen Garden...

Only three weeks left to purchase your raffle tickets in this rustic country painting by Maryann Jenkins! The SAKG Committee is holding a raffle to help raise funds for purchasing kitchen equipment. The painting is on display at ‘The Old Bakery’ thanks again to the kindness of Pauline and Paul. The Old Bakery Dunkeld donates a percentage of all bread sales to the SAKG Program and we are very appreciative of this ongoing support. Raffle tickets may be purchased at the Old Bakery or at the front office of the school for $1.00. The raffle will be drawn at the end of Term 3. Thank you in advance for your support.

GARDEN NOTES - SEPTEMBER

Spring is here, there is much work to do in the garden.

Firstly, don’t be tempted to cut back frost damaged plants too soon as leaving the damaged parts on your plants will protect new growth. Don’t remove damaged parts until risk of frost is over, say early November.

September is a good time to lightly trim any spring flowering trees after blooming, this can help to keep a manageable size and shape, without the loss of flowers as would occur with winter pruning.

With the rise in soil and air temperatures, there is a noticeable increase in growth, this means that you should think about feeding your plants. There are two main groups of fertilizers, one is natural or organic fertilizer, such as animal manure, compost, fish meal, blood and bone etc. The second group is the chemical or manufactured fertilizer range.

Both groups contain a very wide range of materials, preparations and mixtures in many different forms, powder, granules, pellets, liquids etc. There are advantages and disadvantages in both groups, however I recommend that people use organic or natural materials as much as possible as these feed the soil as well as your plants. Sometimes due to the need to treat a specific deficiency or the need for a quick response, chemical fertilizers are required. You can only get out of your soil what you put into it. Think of your soil like a bank, the more you deposit, the more interest you earn and the more you can withdraw, on the other hand, if you try to withdraw more than you deposit, you will soon have problems.

Main vegetable plantings for September are early tomatoes and capsicum (with adequate frost protection) potatoes, carrots, parsnips, beetroot, silver beet, lettuce, summer cabbage, early beans, late onions etc. Summer flowering annuals such as petunia, marigold, impatiens, salvias, aster and many others can be planted now.

If your lawns look a little dull and patchy, they can be fertilized now, bare patches be sown and weeds such as capeweed, dandelions etc controlled or removed.

Happy Gardening, Stephen Hughan
