STUDENT LEADERS 2013
Year 5 students are currently preparing applications for School Leadership positions and applications for School Captain. I request that parents/guardians please countersign the child’s application. Selection of other positions will follow after School Captains are known.

Our Student Leadership Program aims to encourage and develop effective student leadership and school spirit amongst all students. The Student Leadership program defines specific responsibilities for certain leadership roles within the school but importantly provides a structure which allows for all students to develop as leaders.

School Leaders need to:
- Be responsible.
- Use initiative.
- Develop skills to communicate positively with students of all age groups and with teachers and the wider community.
- Develop skills relevant to public speaking, representing the school at specified events and functions and negotiating with peers and others.
- Show a willingness to act as a mentor to other students to assist in their development as leaders.
- Have knowledge and skills related to civics and citizenship, and ideas about how democracy works.
- Identify various ways of making decisions and explain how and why rules and laws are made and changed in communities, at home, at school, and in local government.
- Act as mentors for the younger students and to actively encourage participation in a range of activities that develop them as leaders.

REPORT WRITING
All teachers are very busy assessing their students in preparation for report writing. Reports will be distributed in the last week of term.

CONVEYANCE ALLOWANCE POLICY CHANGES
Conveyance Allowance provides assistance to families attending schools in rural or remote area who have limited or no access to a school bus. Students may receive a Conveyance Allowance to assist with travel costs. Allowances are available for public transport, private car and private bus.

Changes are being introduced to the Conveyance Allowance in 2013. From 1 January 2013 the Conveyance Allowance boundary will change and means testing will be introduced.

Parents will find a copy of the new Conveyance Allowance Policy 2013 on our school website; on page 3 of this document are the criteria determining eligibility for the Conveyance Allowance.

There will a transitioning to this new eligibility criteria; the Minister has directed the Department to ‘grandfather’ existing payments of students for either the duration of their primary years of schooling or for the duration of their secondary years of schooling.

This means all eligible students in receipt of the conveyance allowance in 2012 are entitled to continue to receive it as long as they:
  a) Remain in either their primary or secondary years at the school from which they received the allowance in 2012.
  b) Remain at the residential address as listed on their 2012 conveyance allowance application.

Please contact the school office if you have any queries about the Conveyance Allowance for 2013.

EDUCATION MAINTENANCE ALLOWANCE FOR 2013
The Educational Maintenance Allowance (EMA) is being restructured to increase the focus on direct support to parents. Prep and Year 7 students will also receive a higher EMA payment.

Starting in 2013, EMA payments to parents will be increased from:
  - $117.50 to $200 for parents of eligible Prep students.
  - $117.50 to $150 for parents of all other eligible primary school students.
  - $235 to $300 for parents of eligible Year 7 students.
  - $235 to $250 for parents of all other eligible secondary school students up to the age of 16.

School-based EMA payments will be discontinued ($117.50 per primary school student; $235.00 per secondary school student). Parents will be responsible for any related costs associated with their child’s education i.e. books, requisites, camps etc. Account structure information will be sent home once costs are approved by School Council. The information will be provided to parents prior to the end of the school year with payment not required until the commencement of 2013.

Changes to the EMA will be effective from the start of the 2013 school year. The EMA is paid in two instalments annually (70% in March and 30% in August). The August 2012 payments will not be affected by the changes.

These changes apply to government and non-government schools.

Eligibility
The EMA provides financial assistance to families on a low income to help with the cost of essential educational items such as textbooks, stationery, uniforms and excursions.

EMA is a means-tested payment - parents must hold a Centrelink/Veterans Affairs concession card (including Health Care card) to be eligible.

Please contact the school if you have any queries about the Educational Maintenance Allowance.

Clare Kennedy, Kitchen Specialist
We have had some really busy days in the garden lately. Thanks to our lovely farming friends, we have been spreading old hay and fresh straw around our native and fruit trees. The children have all been allocated a garden bed (as well as their fruit tree or vine) to care for during the school week, so they are responsible for keeping it well watered and weeded, as it’s amazing how quickly things are drying up. We are slowly installing dripper hoses on as many beds as possible.

Any visitors that may have wandered around our garden lately, may feel that it is a bit messy, unorganised and unruly (and they’re probably right!). One of the reasons that we have not followed down the traditional veggie garden path is that we are hoping to get the children to think about the plants they are growing, learn what they look like, smell, taste. If we planted all the lettuces together, then chances are, when the child needs to harvest some lettuce leaves, they would just go to the lettuce bed. We want them to think about the plant, and go and find one. This planting also becomes a form of companion planting, whereby one plant may offer a benefit to another different plant (e.g. planting marigolds amongst tomatoes to ward off nematode attacks).

Having said this, another important task once a month, is for the children to identify and record the plants growing in each garden bed. We are mindful of the potential for disease if
continually growing one species, so plant rotations are used. We also want to create a fun place for the children, places where they can lie in the sun, sit in long grass (really mean capeweed!), and eat as many fresh strawberries as they can. The children also play an important part in the design, construction and naming of the beds, and as we are watching our budget, we reuse and recycle most of our materials. But this is great, because what we are achieving at school, can easily be done at home. That’s why it looks like it does.

Last Friday, Terrie Nicholson brought all the children out, individually, to take photos of the garden, as part of their entry in the Yates Junior Landcare Backyard Challenge competition. Good Luck to them all! And thanks to Terrie, for a mammoth effort.

Two weeks ago the children learnt one of the most important garden lessons – that it’s not all about hard work. It’s really good to take the time to sit back, relax and enjoy all the hard work that you’ve put in, see the wonderful results, and share it with others. So some children (boys and girls) from each year level picked a bunch of beautiful flowers and foliage, and presented them to their Kitchen and Garden “Friends” (our volunteers), their teachers, the administration staff and their bus drivers. It was a great day. They did promise to go home and pick flowers for their families too…

PARENT PAYMENT CHARGES 2013

COMMUNITY CAROLS

Students from Grades Prep to 6 are invited to participate in the Community Carols on:

- Sunday 9 December at the Anglican Church in Glenthompson at 6.30pm followed by supper in the Glenthompson Hall. Please bring a plate of food to share for supper.

CHRISTMAS STALL ON THURSDAY 20 DECEMBER

The Social Service Christmas Stall will be held on Thursday morning, 20 December at 10.00am. This stall is a general family stall and this makes the choice of donated gifts much easier! Christmas decorations and children’s gifts have proven popular in the past.

Here are a few suggestions for gifts for the stall: soap, make-up, perfume, nails, screws, baby toys, toy cars, marbles, notebooks, pens, pencils, diaries, photo frames, chocolates, jewellery, handkerchiefs, photo albums, home baking, plants, mugs, cards, Christmas decorations, craft items, etc.

If possible, could gifts please be wrapped in coloured or clear cellophane so the children can see what they are purchasing. The students can bring in donations and leave at the front office from now onwards.

Please remember that we count the total gifts donated and divide by the number of children. This is to see how many gifts each child may purchase on the day. The more gifts that are donated, the more gifts can be purchased by each child. All money raised is donated to charities chosen by the senior students.

We sell the gifts in a price range from $1.00 to $3.00. A raffle is also held, at the cost of 50 cents a ticket, with the larger donated gifts making up the prize list. The helpers choose the prizes from the donated gifts.

For this morning to run smoothly we need help from parents.

We will need six to eight helpers on the Thursday morning, from 9.00am to collect the donations as the children arrive, price them, lay them out in the hall and help to serve on the stall. Please consider offering to help, it is a very rewarding experience and good fun.

Thanking you in advance for your time and donations, they are greatly appreciated. Younger children are welcome and names can be left with Emma Gordon on 5577 2660 or via email: catman22@bigpond.net.au

BIG BLOKES BREAKFAST

By now, the children will have written their invitations to their special bloke, inviting him to a breakfast at the school hall, on Thursday 29 November 7.30am – 8.45am. Please remember to RSVP as we need to cater for you all. And judging on the last few years, it will be a full house! It is a wonderful opportunity for the Big Blokes to share the most important meal of the day with their loved one, and all the other Big Blokes. A great way to start the day, a memory to keep for a long time.

We will require helpers to set up the hall on Wednesday 28 November at 2.30pm OR helpers to clean up and pack up on Thursday 29 November before 9.00am OR donations of eggs. Please phone the school on 5577 2384 or email Lisa McIntyre on advance@bigpond.com
On Monday 26 November lots of regional schools showed up at our school at about 9:30am to play cricket. We went out to see them and the whole oval was filled with people, so the other oval was used as well. We had a little chat about the rules and then we started playing. First, the girls were against Saint Michael’s and that was a really close game. Luckily, we beat them. The next game we played was against Birchip and that was even closer, but we got more wickets and so we won that game as well. Afterwards, we played against Warrnambool East, and they were really good! We got beaten in that game by a fair bit, so we didn’t get into the finals, but we did win two games out of three, so we weren’t too disappointed. The girls team that won was Allansford. It was fun! By Airlie McIntyre

On Friday 16 November the Grade 5/6 students went to Pedrina Park in Hamilton to play the T20 Blast School Cup Competition. In the first game the boys played Cavendish. The captain for the first game was Lachie Field. We won that game 195 to 31. Calvin Ross was the captain for the second game. We played against Tarrington. We won that game 199 to 98. Andrew Fry was the captain for the last game. We played against Hamilton North. We also won that game 317 to 61. We won all three games so we played the final against Saint Mary’s. Lachie Field was captain for that game and we won 202 to 123. We won and that meant that we would go to the regional finals at Dunkeld.

At the regional finals, Lachie was captain for all of the games. The first game we won was against Saint Michael’s 162 to 51. The next game was against Horsham and we beat them 195 to 83. Then we had our third game against Donald and we beat them 177 to 73. Then we had lunch and the results were that Dunkeld Consolidated School Boys and Portland North would play the Grand Final to see who would go on to the next stage, which will be held at the MCG. We lost the final 😞.

We all had a great day and it was good that the school supported us. By Lachie Field and Ryan Burgess

Under 12 Cricket: Our U12’s continue to blitz most games and last week they showed the Saint Marys players a clean pair of heels with Will Luhrs 25 retired, Lachie Field 21 retired, Josh Mawson 12, Calvin Ross 9 and Pania Potatau-Wright 9 all batting strongly. Our bowlers were on target and each week the wides tally decreases. Calvin Ross, Lachie Field taking a wicket each and Isaac Hanson most improved with his accuracy. Dylan Mooney managed 15 filling in for the opposition and Dylan Ross a wicket doing the same. This week we will be on the turf and hosting College, with a BBQ meal for all players and parents during the game.

**Holiday and Festival Asthma Trigger Warning**

The upcoming holiday season and festivities planned during Term 4 and throughout the summer holidays may mean that your child is exposed to new triggers for their asthma. It is important for parents and carers, and children themselves, to be aware of changes to their environment and the activities that may impact on their asthma.

Christmas trees, both real and artificial could be triggers for people with asthma. Artificial trees may be quite dusty after being stored away, while both real and artificial trees may harbour mould. It is important to ensure that artificial trees are cleaned appropriately and that care is taken to select real trees that do not produce wind-borne pollen. All tree and other decorations should cleaned and free from dust and mould when used at home.

Scented candles, room deodorisers and air fresheners may also trigger asthma in those susceptible to perfumes, and care should be taken when purchasing these and other scented items at home.

Lastly, the added pressures of the year drawing to a close can cause stress and anxiety for many people, potentially triggering asthma attacks. It is important to consider ways that the whole family can enjoy the holidays and feel safe happy and comfortable.

Happy Holidays from the Asthma Foundation of Victoria.

Harmon Family
Recent visitors to Dunkeld were Brian Harmon and his sister, Aileen, after an absence of seventy years. Both their parents (Richard Harmon and Eileen McKenna) were from Country Louth in Ireland. Richard Harmon was a stockman on “Mount Sturgeon”. Brian, Aileen and their three sisters; Patsy, Moira and Heather attended Dunkeld State School 183 in Parker Street in 1942 while living at “Mount Sturgeon”. Mr William Pascall was the Head Teacher at the time. Brian had very vivid and fond memories of his time in Dunkeld.

Museum Roster
The following volunteers are on Museum duty from 1.00pm – 5.00pm on:

Sunday 25 Nov Margy McIntyre & Katrina Weatherly
Sunday 2 Dec Geoff Hincliffe & Ern O’Neil
Sunday 9 Dec Beryl Gordon & Joyce Gordon

As Chuck Noll said, “Champions do ordinary things better than everyone else.” If you and your team want to be your best, you must master the obvious, excel at the ordinary and do the little things that create big results.

FROM THE LIONS DEN
Amish quilting
In the last newsletter I mentioned the Old Lion seeing the Amish horse carriage and this reminded me of the humility of the Amish people. The Amish ladies are world famous for their quilting but in every quilt that they make, they make a deliberate mistake, because they believe that only God is perfect.

Remembrance Day service
Some of the Lions attended the Remembrance Day service at Dunkeld and were really impressed in the way in which it was conducted, and in the attendance by the people. I must admit that at any of these services
I always think of our local men who served our country, but I also think of a Canadian private in Mons on the Western Front. The Armistice was due to come into force at 1100, and at 1058, in Ville-sur-Haine, to the east of the town, a shot rang out and Private George Price fell dead. Peace fell across the Western Front. Some rejoiced, others stood stunned by the silence. In our time, and for all time, we will remember them.

The Old Lion and his obnoxious relation…

The Old Lion attended a family reunion that was conducted over a long weekend. In the time that he was there, a distant relative, an eleven year old that only his mother could love had been his usual self, but had been treated by respect because this part of the function was being held at his parents place. Most of the time the boy ignored the people, and spent all of his time on an iPod, grunting when spoken to. The parents were unable to take it from him and decided to just leave him be. The Old Lion entered the room where the boy and his father were and asked for a newspaper. The boy said, “Old man you should get out of last century and into this one, we have this now,” holding up the iPod. The father grabbed the I-pod and handed it to the Old Lion who went back into the room he had come from. A short time later the Old Lion came back into the room where the father and a sulking 11 year old were “talking”. The father turned to the Old Lion and asked “How did you go with the iPod?” The Old Lion gave one of his smiles and said, “You were right, it was very effective, the fly did not know what hit it”.

Mass at the Dunkeld Cemetery

A good crowd gathered at the Dunkeld Cemetery on Sunday 18 November to celebrate an outdoor mass for All Souls Day. Father John Corrigan from Saint Mary’s parish led the service which was attended by parishioners from Saint Patrick’s Church, Dunkeld and other local churches. The service was followed by blessing of graves of the parishioners’ families and friends before adjourning to the Elsie Myers gazebo for morning tea.

We have vacancies for the rest of this term on certain days if you think you could help, please phone the school.

We have had some really busy days in the garden lately. Thanks to our lovely farming friends, we have been spreading old hay and fresh straw around our native and fruit trees. The children have all been allocated a garden bed (as well as their fruit tree or vine) to care for during the school week, so they are responsible for keeping it watered and weeded, as it’s amazing how quickly things are drying up. We are slowly installing drizzer hoses on as many beds as possible.

Any visitors that may have wandered around our garden lately, may feel that it is a bit messy, unorganised and unruly (and they’re probably right!). One of the reasons that we have not followed down the traditional veggie garden path is that we are hoping to get the children to think about the plants they are growing, learn what they look like, smell, taste. If we planted all the lettuces together, then chances are, when the child needs to harvest some lettuce leaves, they would just go to the lettuce bed. We want them to think about the plant, and go and find one. This planting also becomes a form of companion planting, whereby one plant may offer a benefit to another different plant (e.g. planting marigolds amongst tomatoes to ward off nematode attacks).

Having said this, another important task once a month, is for the children to identify and record the plants growing in each garden bed. We are mindful of the potential for disease if continually growing one species, so plant rotations are used. We also want to create a fun place for the children, places where they can lie in the sun, sit in long grass (really mean capeweed!), and eat as many fresh strawberries as they can. The children also play an important part in the design, construction and naming of the beds, and as we are watching our budget, we reuse and recycle most of our materials. But this is great, because what are achieving at school can easily be done at home. That’s why it looks like it does.

Last Friday, Terrie Nicholson brought all the children out, individually, to take photos of the garden, as part of their entry in the Yates Junior Landcare Backyard Challenge competition. Good Luck to them all! And thanks to Terrie, for a mammoth effort.

Two weeks ago the children learnt one of the most important garden lessons – that it’s not all about hard work. It’s really good to take the time to sit back, relax and enjoy all the hard work that you’ve put in, see the wonderful results, and share it with others. So some children (boys and girls) from each year level picked a bunch of beautiful flowers and foliage, and presented them to their kitchen and garden “Friends” (our volunteers), their teachers, the administration staff and their bus drivers. It was a great day. They did promise to go home and pick flowers for their families too…

SPORT

DUNKELD ANGLING CLUB

The 2012 Triple Crown saw ideal weather conditions at and around Halls Gap with everyone competing having a very entertaining weekend and….no fish! That is not entirely true. Thirty-four people participated with all three lakes given a good run. A lot of families decided to take advantage of Lake Fyans West beach with the kids enjoying a swim and the lack of fishing action driving many people to a deck chair.

The bulk of entrants retired to Saw Mill camp ground at Lake Wartook and a good night was had by all. So much so that the first line didn't hit the water till 10. After a second quiet day on Sunday, the scales sat idle in the Halls Gap Park with the leading and only fish, a Redfin caught by Hoges being deemed too small to weigh. With Hoges about to be crowned the winner Col Parker emerged though the crowd and presented a .980kg (cleaned) rainbow trout to take out heaviest fish overall and heaviest trout from Lake Fyans. Hoges the heaviest redfin (approx 150grams) from Lake Fyans.

The club will be running some twilight competitions on Friday nights with a couple of hours fishing to be followed a catch up and weigh in at the Recreation Reserve from 6.30pm with a BBQ and bar running. The first one will be on Friday 7 December with more details on the web site.

The shootout competition draw will be posted on the website and usual shop windows at the end of November with 20+ entrants and due to popular demand a women’s section running. Due to continued interest entries will be taken right up to November 30. Look on website for details and don’t forget an appropriate bribe will help manipulate the round one draw.

GRAMPIANS CRICKET NEWS

A huge weekend for the club running the Tauto Bar at the races and then working with the Tennis Club in the clean up. All proceeds will assist with the development of the new rooms and deck area. Well done to all who assisted.

A Grade: In front of one of the biggest crowds we have seen the A Grade team played a superb brand of cricket to win against College. Sam Kerber 105 not out notched up his maiden century taking 20 from the last over of the innings in the process. Ty Gilmore enjoyed his highest score with 62 and together the pair added 151 runs for the 2nd wicket.

Requiring 209 to win College began with a bang and maintained the run rate well into the game before the Grampians bowlers grabbed the initiative in the latter stages. James Povey 2 wickets and Sam Kerber 3 wickets enjoying the spoils, with some excellent catching from two of our young tyro’s in Thomas Millard and James Povey a feature. Justin Coote’s run out direct hit from the deep bringing the crowd to their feet.

No games for the lower grades.

U14’s narrowly missed out chasing St Marys 180, with the final wicket falling for 176. Daniel Kerber 40, Nathan Riddle 29 and Ryan Burgess 32 all batted well, but it wasn’t quite enough.

This week the club along with the Dunkeld School will host the Regional Kanga 8’s Finals. This will be a massive affair with 200 children from all round the region playing cricket on our magnificent ovals. The Dunkeld boys and girls teams have also made the finals and this will be a great opportunity to showcase our community and what it has to offer.

U12’s: Our U12’s continue to blitz most games and last week they showed the Saint Mary’s players a clean pair of heels with Will Luhrs 25 retired, Lachie Field 21 retired, Josh Mawson 12, Calvin Ross 9 and Pania Potatau-Wright 9 all batting strongly. Our bowlers were on target and each week the wides tally decreases. Calvin Ross, Lachie Field taking a wicket each and Isaac Hanson most improved with his accuracy. Dylan Mooney managed 15 filling in for the opposition and Dylan Ross a wicket doing the same. This week we will be on the turf and hosting College, with a BBQ meal for all players and parents during the game.
