FROM Mr Paul Jeffreys, Principal...

STAFFING

From next week, Miss Jayne Berry will move into a 0.8 role for the remainder of the year. This role will cover for Mrs Ann Howard who is taking Long Service Leave. Jayne has been a CRT for a number of days during last term.

From Tuesday of Week 2, Mr Smith, Miss Brown, Mrs Macgugan and I will be on the Year 4/5/6 camp. This leaves the nine students from Year 3 to be covered. Staff will take on extra loads and/or we will spread the Year 3 children into Year 1 and Year 2 classes.

SGSSA ATHLETICS

The Southern Grampians School Sports Association (SGSSA) has designated Dunkeld Consolidated School as organisers for Athletics in 2015 and 2016. This will mean not only that our school organises events but also runs the food stall.

HOUSE ATHLETICS SPORTS

Our School Sports day has been pencilled in for Thursday 13 November. The 2015 Prep cohort families will be invited to join us during the day with an invitation for the children to take part in a fun event at the end of the day.

MAGPIES

For around the last six weeks of Term 3, the aggressiveness of our resident magpies saw us having to restrict the areas in which children could safely play. It was lovely to see play areas which have been so deserted for such a while being filled with children recently.

SCHOOL GROUNDS

Currently our grounds look terrific! Thank you to all the parents and students who attended the Working Bee on Sunday.

The Grampians Cricket Club has spent considerable time during the holidays preparing for the cricket season and we need to be mindful that this greatly benefits the school. Mowing, general tidiness of the grounds and maintenance of practice nets directly benefit our children and wider community. As of this week, new wicket surfaces have been installed by the club and our students are able to take advantage of this. They have also been supportive of the ‘Drive-in Spectacular’ changing a game venue, helping with parking and supporting the wishes of the CaSP Sub-Committee in other ways. I continue to be thankful for the contribution made by the club.

SPECIAL ASSEMBLY

Dunkeld Pastoral Company recently received funding from the Southern Grampians Shire Council’s Sustainability Program, to produce and install nesting boxes for Sugar Gliders, Feathertail Gliders and Pygmy Possums.

The Dunkeld Consolidated School has long been interested in teaching and involving their students in and with their local environment. As a result the elder students have become involved through the Stephanie Alexander Kitchen Garden Program, in the “Building glider communities by building their nesting boxes” project. To date nearly 80 boxes have been constructed. The program was officially launched in September at the school, with a description and discussion provided by Ben Gaylard, Conservation Officer at Dunkeld Pastoral Company, and a practical demonstration of building by Year 6 students Bailey Dewan-Holmes and Jemma White.

The students then assisted Ben to install the boxes in trees around Mount Sturgeon, along Salt Creek and in the Dunkeld Arboretum. It will be exciting to see who inhabits the boxes.

Any landholders interested in the program, are welcome to contact either Ben or Lisa, as the project can extend to building boxes for them too.

FROM THE LIONS DEN

Recently at dinner meetings the Lions Club performed two very important presentations. The first was to Lion, Lance Mason, when he was presented with the Jock Danby Award for his outstanding contribution to the Lions and community. The Jock Danby Award is a Dunkeld and District Lions Club Award that can only be presented to a member of the Dunkeld Lions.

That person is chosen by the outgoing President and presented with the award at the changeover dinner of office bearers. The award is in honour of a past hard working Lion who is held in great esteem by the club. Congratulations, Lance.

The second presentation was to the Grampians Golf Club. This was an Appreciation Award given to the Golf Club because of their assistance over many years with the Challenge Cancer Camp that we assist other service clubs with. The Golf Club allow us to use their outdoor facilities so that we can give a BBQ breakfast to the cancer sufferers, carers and the motor cyclists that take the children for the ride to Halls Gap. The use of the facilities at the Golf Club has certainly been a great boon for this project and we hope to be able to continue it until cancer is eradicated. This project is a real tearjerker and for many years our president Phil Della-Vedova has been our coordinator and has really taken it to heart.

The doctor (Tasmania)

At a pre-natal visit to the doctor, a lady was told that she was carrying twins. “Would you like to know the sex of the babies?” the doctor asked.

“No. I want to be surprised,” the mother-to-be-said, “Just tell me, are they the same sex?”

“No,” said the doctor.

Once you have identified the people you can then check their service records to see whether they were killed or wounded. There is no single easy way to find everyone killed or wounded from a particular town; this generally will involve researching in their personal service records, which are linked from the entries in Discovering Anzacs. Personal service records are the authoritative record of an individual's service, and are held by the National Archives of Australia. The First World War service records have been digitised and can be viewed online: http://www.naa.gov.au

To find people based on their address when they enlisted, you can consult the AIF Project, which allows searching based on residential address: https://www.aif.adfa.edu.au/index.html The individual entries in this database should indicate if someone was killed. There is more detailed guidance, including other potential sources you can try, available in the Australian War Memorial’s information sheet on researching names for an honour roll, which is available online: https://www.awm.gov.au/research/infosheets/honour-boards/

Victoria University hosts Governors-General Series: The former Governor-General, Major General the Honourable Michael Jeffrey AC, AO (Mii), CVO, MRC (Rtd) will deliver a public oration at Victoria University’s Sir Zelman Cowen Centre on applying military decision making framework to national and global problem solving.

RSL members and associates are warmly invited to attend the lecture titled ‘A Soldier’s Thoughts on National Problem Solving – Observations of a Former General, Governor and Governor-General’ held at the historic Victoria University College of Law and Justice Campus, 295 Queen Street, Melbourne on Wednesday 15 October commencing at 5.30pm. This is the second in a unique series of lectures delivered by the current Governor-General and three of Australia’s former Governor-Generals. Dame Quentin Bryce and Sir Peter Cosgrove will present at dates to be advised in 2015. These are free public events but booking is essential as places are limited – email Betty.Presilska@vu.edu.au

Remembrance Day on Tuesday 11 November: Remembrance Day in Australia is dedicated to Australians who died as a result of war, particularly from World War I onwards. A minute of silence is dedicated to the deceased, especially for soldiers who died fighting to protect the nation. Remembrance Day is annually observed on 11 November. In the near future, Dunkeld RSL Sub-Branch members will be selling poppies for the annual Poppy Appeal – the money raised is used to assist both current and former serving members of the Australian and Allied defence forces and their dependents when in need. For more information please visit: http://www.anzacappeal.com.au/ The Dunkeld RSL Sub-Branch will hold a Remembrance Day Service commencing at 10.50am sharp on Tuesday 11 November at the Cenotaph in the Dunkeld Memorial Park. Terrie Nicholson, Secretary/Treasurer

THE READING ROOM
Author: Santo, Courtney Miller, author.
Renovating an historic Memphis house together, three cousins discover that their spectacular failures in love, career, and family provide the foundation for their future happiness in this warm and poignant novel from the author of The Roots of the Olive Tree that is reminiscent of The Postmistress, The Secret Life of Bees, and Kristin Hannah's novels. Nearing thirty and trying to avoid the inescapable fact that they have failed to live up to everyone's expectations and their own aspirations, cousins and childhood best friends Lizzie, Elyse, and Isabel seek respite in an oddly-shaped, three-storey house that sits on a bluff sixty feet above the Mississippi. As they work to restore the almost condemned house, each woman faces uncomfortable truths about their own failings. Lizzie seeks answers to a long-held family secret about her father in her grandmother's jumble of mementos and the home's hidden spaces. Elyse's obsession with an old flame leads her to a harrowing mistake that threatens to destroy her sister's wedding, and Isabel's quest for celebrity tempts her to betray confidences in ways that would irreparably damage her sister's wedding, and Isobel's quest for celebrity tempts her to betray confidences in ways that would irreparably damage her. Told in three parts from the perspective of each of the women, this sharply observed account of the restoration of a house built out of spite, but filled with memories of love is also an account of friendship and how relying on each other's insights and strengths provides the women a way to get what they need instead of what they want.

DUNKELD PONY CLUB
The newly reformed Club held its first rally for the year at the Dunkeld Racecourse. It was a beautiful day, and the riders all enjoyed their experience, under the watchful eye of Greg Featherston, the club's District Commissioner. With an emphasis on safety, enjoyment and practical riding, the riders are learning about their horse's flexibility, its mind, and their confidence. The rallies are held monthly, begin at 10.30am, and usually run to 3.00pm. Our next rally will be held at Greg and Geraldine Featherston's property "Lazy Acres", 31 Hayes Lane, Dunkeld, on Sunday 9 November. New members (both children and adult riders) are very welcome, perhaps come and try for a day? For further information, please contact either Rifka McClure 5577 4411 (President), Lisa McIntyre 5574 9235 (Secretary) or Greg Featherston 5577 2494 (District Commissioner).

GARDEN NOTES
One benefit of the low early spring rainfall is that spring blossom trees have flowered very well this year. Try to find a place in your garden for these colourful and easily grown specimens. Another benefit is that there has not been as much weed and grass growth, therefore the spring garden clean-up has been much easier.

Don't forget to give your apple and pear trees their first codling moth spray as the flowers are just starting to drop after full bloom. 'Malathon' or 'Success' are the best sprays to use at this stage. Some growers use garlic sprays but find that they need to be applied several times to get good control.

October is an excellent time to plant summer vegetables. Home grown vegetables are fresher, cheaper and give a great sense of satisfaction to the grower. An open sunny position is required also good drainage, an adequate supply of good quality water and soil of reasonable texture and fertility. Main plantings are climbing and dwarf beans, beetroot, capsicum, carrots, cucumber, lettuce, melons, parsnips, squash, pumpkin, radish, silver beet, spinach, kale, sweet corn, tomato, zucchini, late potatoes and most herbs.

Flowering annuals are useful both in the garden and in containers or hanging pots to add bright splashes of colour to your garden. Flowers in pots can be moved to different parts of the garden, therefore creating an ever changing display. Make sure that you use a premium quality potting mix for best results. For open ground planting, soil preparation is important, well broken up with the addition of compost or rotted animal manure or a well-balanced complete fertiliser. Annuals grow rapidly therefore a plentiful supply of plant nutrients should be available.

If your soil is shallow lifting the depth by 10-15 centimetres will give your plant roots more room to develop as well as improving drainage. Water your plants well before taking out of the punnets. Plant at the same depth as in the punnets and water in well, regular watering is necessary until plants are established. Weed control and snail control are also necessary. Main plantings are petunia, salvia, dahila, begonia, snapdragon, dianthus, marigold, carnation, portulaca, impatiens, aster and several others.

Happy gardening – Stephen Hughan

We’re bigger when it comes to helping young couples buy their first home, a family build their dream home and we’re bigger when it comes to supporting local community projects. So far we’ve given back $85,000 across our region to groups and organisations because of those who have made the switch.
Now is the perfect time to make the move into a low rate so we can show you what a huge impact that can have.

WEED ERADICATION
You may have noticed the Conservation Volunteers walking along the local roads - they are doing a fantastic job, painting weeds. I’ve attached a picture and notes that explain what they’re using, and how, it’s a handy little tool...

In fact, they are doing such a great job, that we need to find more weeds for them to wipe!

If you know of any places (roadside), please let me know asap, would be such a shame not to use this great opportunity of help. And doesn't have to be Cape tulip or St John's Wort, please let me know of other weeds too.

Thanks!
Lisa McIntyre

Thank you for being a ‘Friend of the Kitchen Garden’ Program.

Nesting Boxes Initiative: Dunkeld Pastoral Company recently received funding from the Southern Grampians Shire Council, Sustainability Program, to produce and install nesting boxes for Sugar Gliders, Feathertail Gliders and Pygmy Possums.

The Dunkeld Consolidated School has long been interested in teaching and involving their students in and with their local environment. As a result the elder students have become involved through the Stephanie Alexander Kitchen Garden Program in the “Building glider communities by building their nesting boxes” project. To date nearly 80 boxes have been constructed.

The program was officially launched in September at the school, with a description and discussion provided by Ben Gaylard, Conservation Officer at Dunkeld Pastoral Company, and a practical demonstration of box building by Year 6 students Bailey Dewan-Holmes and Jemma White. The students then assisted Ben to install the boxes in trees around Mount Sturgeon, along Salt Creek and in the Dunkeld Arboretum. It will be exciting to see who inhabits the boxes. Any landholders interested in the program, are welcome to contact either Ben or Lisa, as the project can extend to building boxes for them too.

BECOME A VOLUNTEER HOST FAMILY
Enrich Your Home with a WEP Exchange Student
World Education Program (WEP) is inviting Australian families to experience another culture within their own homes by becoming volunteer host families. Choose a student from Italy, Belgium, France, Switzerland, The Netherlands or South America and get a glimpse into the life of another culture without having to leave the comfort of your home! Our exchange students are just as excited about sharing their own culture and life experiences as they are about becoming a member of an Australian family.

Arriving in January:
Ilaria (17) from Italy tells us that she is incredibly fond of animals, and that if she had her own way, she would turn her house into a zoo! She enjoys drawing in her spare time, as well as travel. She believes that living so far away from home will help her broaden her mind, and she can’t wait to live with a welcoming family.

Marco (17) from Italy is an animator at his local church group and enjoys playing both football and basketball with his friends. He also enjoys staying active by going to the gym for an hour or so after school. He is looking forward to sharing his Italian culture with you, and hopes you will share your culture with him here ‘down-under’.

Find out more!
Getting to know your student before he or she arrives brings fun and joy to everyone involved. Take the next step and contact WEP today to receive a full information pack for your family, including student profiles.

FOX BAIT PROGRAM
Just a courtesy note to let you all know that the current fox bait pulse runs from 29th September 2014 (today) to 7th December 2014
Colleen Lomas, our Landcare group Treasurer, has told us that we have enough money in the bank to fund another pulse for the Grampians to Grasslands participants!

When you sign for the baits, please mention which program you’re in.

Even though the last pulse was during the wet part of winter, we had some good results in baits being taken. And some very good results in lambs not being taken.

If you are putting baits out, please collect them from Kelly & Henson, and remember you need to show your ACUP with 1080 accreditation. Please also take a "bait take" sheet to fill in.

We’ve also had a great response from those people who are dealing with foxes in other ways (shooting etc), so that’s fantastic.

Thanks to those people who gave me their fox info (both baiting and shooting); we are developing a great program. And a good story in the Hamilton Spectator a few weeks ago, well done Ben!

DUNKELD BOWLING CLUB

‘Honouring a legend’
On Sunday 14 September a ‘friendly grudge’ match was held between the Dunkeld and Penshurst Bowling Clubs at the Dunkeld Bowls Club.

At earlier discussions between the clubs it was proposed we have an annual pre-pennant season practice match. It was agreed that a Graeme ‘Tangles’ Kelly Memorial Trophy be enshrined and annually contested as Tangles played for and represented both clubs throughout his stellar career, being Club Champion at both Clubs and a Life Member at Dunkeld.

Teams of 7 pairs played a 2-4-2 format, 3 games of 6 ends. At the conclusion of play Dunkeld were victorious with 11 wins, 9 losses and a draw.

Tangles’ wife Lois from Port Fairy, and youngest daughter Claire, who came all the way from Brisbane for this occasion were present, with Claire presenting the trophy to Frank Raymond, accepting on behalf of Dunkeld.

John Overall, a Dunkeld Life Member and lifelong friend of Tangles spoke of Tangles’ many successes and bowling involvement over the decades, indeed an impressive career.

The ‘Tangles Kelly’ trophy will be housed at Dunkeld until the rematch in Penshurst in 2015.

GRAMPIANS CRICKET CLUB NEWS

Lots of things happening around the club as we prepare for another busy and enjoyable season. We have several new players to the club and two of those made their first grade debut on Saturday in James Stephens (Jimmy) and Tyson Gordon (Kitten). For all old and new players training is now on at the school from 6.00pm on Tuesday and Thursday nights.

Captains for this season are Heinrich Joyce (A), Mark Lazzari (B) and Ash Read (D), with junior coaches Paul Kerber (U16), Justin Coote (U14), Stephen Field (U12), Jack Behnke and Lachie Green (in2Cricket and T20 Blast).

Only A Grade played on the weekend and we travelled to Macarthur (who put on the best arvo tea in the comp) and despite not having 8 of last season’s premiership team, were very competitive against the strongest bowling line up in the comp. Heinrich Joyce in his 100th game for the club won the toss and elected to bat and quickly Grampians slumped to 2–4, before Joyce (39) and Stephen Field (45) put together an 80 run partnership. Minor contributions from Joe Sutherland (8) and Greg Millard (8*) lifted the final score to 133. Macarthur played cautiously at first, but gradually stepped up the pace against a very inexperienced bowling line up and eventually scored 170 from their 40 overs. Duncan Cameron (1-28) and Lachie Field (1-24) the only successful bowlers. B Grade begin this week on the turf.

Remember the days when chickens tasted like chicken??

My chickens are grazed on pasture in covered pens and moved every day. They are also fed a mixture of grain which we mix ourselves. They are fed no hormones or antibiotics. We use no chemicals at any stage.

The end result is a delicious chook that has had a happy life!

They dress out at around 2.2kg and I sell them for $7/kg.

*Pastured chooks that are processed chemical free and taste delicious!!!*

Dunkeld Old Bakery
Established 1887

Due to popular demand, our baker started to bake Yeast Bread every Wednesday and Baguettes on Sundays. All bread is hand-made and baked in our old wood-fired oven.

Bread types available on Wednesdays include:
Wholemeal, White, Grain and a special ‘Loaf of the Week’.

Our new Spring Special is an Organic French cheese platter, from l’Artisan Cheese (Timboon).

The Cheese Platter includes:
- The ‘Mountain Man’ (washed ring), that is a Reblochon style cheese, traditional in French Alps.
- The ‘Fermier’ which is a Raclette style cheese (semi hard), traditional in Savoie.

The cheese platter is served with our sourdough bread, house-made fruit crackers, dry fruits and house made quince paste.

Romain and Sauvanne went to visit Matthew, the owner of L'Artisan, who grew up in the French Alps.

As an artisan and a third generation cheese maker Matthew makes his cheese using local Organic milk from Jersey cows whilst respecting the traditional French process to make a perfect product.

We will be at the Discover Dunkeld Market on Saturday 18th of October. Come and see us at our stall and buy your favourite breads.
