Dunkeld Consolidated School No 6215
Digital Learning Policy
(Internet, Social Media and Digital Devices)
We are a Child Safe School and we will protect all children at all times.

PURPOSE
To ensure that all students and members of our school community understand:
- (a) our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school
- (b) expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers, laptops, tablets, smart watches)
- (c) the school's commitment to promoting safe, responsible and discerning use of digital technologies, and educating students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and digital technologies
- (d) our school's policies and procedures for responding to inappropriate student behaviour on digital technologies and the internet
- (e) the various Department policies on digital learning, including social media, that our school follows and implements when using digital technology
- (f) our school prioritises the safety of students whilst they are using digital technologies
- (g) use of Digital Technologies by students **outside of school hours remains the responsibility of students' parents.**

SCOPE
This policy applies to all students and staff at Dunkeld Consolidated School.
Staff use of technology is also governed by the following Department policies:
- Acceptable Use Policy for ICT Resources
- Cybersafety and Responsible Use of Digital Technologies
- Digital Learning in Schools and
- Social Media Use to Support Student Learning.

Staff, volunteers and school councillors also need to adhere to codes of conduct relevant to their respective roles. These codes include:
- Dunkeld Consolidated School's Child Safety Code of Conduct
- The Victorian Teaching Profession Code of Conduct (teaching staff)
- Code of Conduct for Victorian Sector Employees (staff)
- Code of Conduct for Directors of Victorian Public Entities (school councillors)

DEFINITIONS
For the purpose of this policy, "digital technologies" are defined as digital devices, tools, applications and systems that students and teachers use for learning and teaching; this includes Department-provided software and locally sourced devices, tools and systems.

POLICY
Vision for digital learning at our school
The use of digital technologies is a mandated component of the Victorian Curriculum F-10.
Safe and appropriate use of digital technologies, including the internet, apps, computers and tablets, can provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from learning that is interactive, collaborative, personalised, engaging and transformative. Digital technologies enable our students to interact with and create high quality content, resources and tools. It also enables personalised learning tailored to students' particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Dunkeld Consolidated School believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and inter-connected world. Our school's vision is to empower students to use digital technologies safely and appropriately to reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults.

Personal Devices at Dunkeld Consolidated School

Dunkeld Consolidated School has operated a Bring Your Own Device (BYOD) program for students in Year 6 in 2023. This program will cease from 2024 onwards. While classes at our school are delivered with the use of iPads and notebook computers, we continue to build on our bank of school owned devices to cater for this.

Please note that our school does not have insurance to cover accidental damage to students' devices, and parents/carers are encouraged to consider obtaining their own insurance for their child's device.

Safe and appropriate use of digital technologies

Digital technologies, if not used appropriately, may present risks to users' safety or wellbeing. At Dunkeld Consolidated School, we are committed to educating all students to use digital technologies safely, equipping students with the skills and knowledge to navigate the digital world.

At Dunkeld Consolidated School, we:
- use online sites and digital tools that support students' learning, and focus our use of digital technologies on being learning-centred
- use digital technologies in the classroom for specific purpose with targeted educational or developmental aims
- supervise and support students using digital technologies for their schoolwork
- effectively and responsively address any issues or incidents that have the potential to impact on the wellbeing of our students
- have programs in place to educate our students to be safe, responsible and discerning users of digital technologies, including 'Child Safe Standards', 'The Alannah and Madeline Foundation eSmart Framework' and 'Play is the Way' to create and sustain a safe supportive school community.
- educate our students about digital issues such as privacy, intellectual property and copyright, and the importance of maintaining their own privacy and security online
- actively educate and remind students of our *Student Wellbeing & Engagement* policy that outlines our School's values and expected student behaviour, including online behaviours
- have an Acceptable Use Agreement outlining the expectations of students when using digital technologies for their schoolwork
- use clear protocols and procedures to protect students working in online spaces, which includes reviewing the safety and appropriateness of online tools and communities and removing offensive content at the earliest opportunity
- educate our students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and other digital technologies
- provide a filtered internet service at school to block access to inappropriate content
- refer suspected illegal online acts to the relevant law enforcement authority for investigation
- support parents and carers to understand the safe and responsible use of digital technologies and the strategies that can be implemented at home through regular updates in our newsletter, information sheets, website/school portal and information sessions.

Distribution of school owned devices to students and personal student use of digital technologies at school will only be permitted where students and their parents/carers have completed a signed Acceptable Use Agreement.

It is the responsibility of all students to protect their own password and not divulge it to another person. If a student or staff member knows or suspects an account has been used by another person, the account holder must notify their classroom teacher immediately.

All messages created, sent or retrieved on the school's network are the property of the school. The school reserves the right to access and monitor all messages and files on the computer system, as necessary and appropriate. Communications including text and images may be required to be disclosed to law enforcement and other third parties without the consent of the sender.

Information on supervision arrangements for students engaging in digital learning activities is available in our Yard Duty and Supervision Policy.

Social media use

Our school follows the Department's policy on Social Media Use to Support Learning to ensure social media is used safely and appropriately in student learning and to ensure appropriate parent notification occurs or, where required, consent is sought. Where the student activity is visible to the public, it requires consent.

In accordance with the Department's policy on social media, staff will not 'friend' or 'follow' a student on a personal social media account or accept a 'friend' request from a student using a personal social media account unless it is objectively appropriate, for example where the student is also a family member of the staff.

If a staff member of our school becomes aware that a student at the school is 'following' them on a personal social media account, Department policy requires the staff member to ask the student to 'unfollow' them, and to notify the school and/or parent or carer if the student does not do so.

Student behavioural expectations
When using digital technologies, students are expected to behave in a way that is consistent with Dunkeld Consolidated School's *Statement of Values, Student Wellbeing and Engagement* policy, and *Bullying Prevention* policy.

When a student acts in breach of the behaviour standards of our school community (including cyberbullying, using digital technologies to harass, threaten or intimidate, or viewing/posting/sharing of inappropriate or unlawful content), Dunkeld Consolidated School will institute a staged response, consistent with our student engagement and behaviour policies.

Breaches of this policy by students can result in a number of consequences which will depend on the severity of the breach and the context of the situation. This includes:
- removal of network access privileges
- removal of email privileges
- removal of internet access privileges
- removal of printing privileges
- other consequences as outlined in the school's *Student Wellbeing and Engagement* and *Bullying Prevention* policies

COMMUNICATION
This policy will be communicated to our school community in the following ways
- Available publicly on our school's website.
- Included in staff induction and child safety training processes.
- Discussed at staff briefings/meetings as required.
- Included in our staff handbook/manual.
- Discussed at parent information nights/sessions.
- Included in transition and enrolment packs.
- Included as annual reference in school newsletter.
- Discusses at student forums, during eSmart lessons.
- Made available in hard copy from the school upon request.

POLICY REVIEW AND APPROVAL

Policy last reviewed	August 2023
Consultation	School Community – ongoing consultation via offer to feedback on child safety policies and procedures as outlined on website.
Approved by	Principal and School Council
Next scheduled review date	July 2025

ANNEXURE A: ACCEPTABLE USE AGREEMENT

Digital Technologies Code of Conduct and User Agreement

At Dunkeld Consolidated School we use Digital Technologies for:
- Research: We learn new things.
- Communication: We send and receive things.
- Creativity: We create and modify work.
- Critical Thinking: We ask questions.
- Visual Thinking: We explore our thinking and ideas.
- Collaboration: We share ideas and present work.

In order to ensure safe, purposeful teaching and learning with technology we require all students and parents to agree and sign the following user agreement:

Care and Use of Equipment:
- I will care for and look after all Digital Technology equipment.
- I will always keep food and drink away from Digital Technology equipment.
- I will not add any software or applications without permission to school software.
- I will not use or download (if I own a Bring Your Own Device or other personal device) personal applications or software at my school.
- I will be responsible for all damage or loss caused by neglect or abuse.
- I will not damage or interfere with another person's Digital Technology device.

Work Habits:
- I will follow all teachers' instructions when using Digital Technology equipment and when accessing the Internet.
- I will make sure that every email or social interaction I send is appropriately respectful.
- I will only submit my own work.
- I will not change or open other people's work or use their passwords.
- I will not use the school's network to download applications, images, videos, sound files or any other files other than those used for my school work.
- I will not use social media platforms that are not endorsed by my school.

Personal Safety:
I will tell my teacher immediately, if:
- I find or see anything that makes me feel bad or uncomfortable.
- I receive an email or interaction that has inappropriate language or items.
- I receive inappropriate messages from peers.
- I will keep my personal information secret and will therefore not give out my own or anyone else's name, address, phone number, passwords or contact details.
- I will report any issues or instances of cyber bullying.

Please sign and return this page as soon as possible.

Student Agreement:

I have read and discussed the "Digital Technologies Code of Conduct and User Agreement" with my parents and teachers and agree to follow all of the rules and guidelines in the agreement. I realise that if I do not follow these rules I will lose the privilege of using digital technologies equipment at Dunkeld Consolidated School.

Student's Name: …………………………………………………………………..…………

Student's Signature: …………………………………………………….. Date: ……………………..

Parent Permission:

I agree to allow my child to use Digital Technology (including the use of the internet) at school and I have discussed what it means to be smart, safe and responsible with the use of technology with him/her.

I acknowledge the above agreements and will have a known agreement in place in regards to technology use at home. I will contact the Dunkeld Consolidated School if there is a situation that concerns me.
